ABOUT THE ARTISTS

SET:
90 MINS

SHOW STRUCTURE

The show is designed as a dynamic journey through the different branches of illusionism:

- **Grand Illusions:** Instant appearances and disappearals on stage that defy logic. A display of magic boxes and impossible structures that are the duo's signature hallmark.
- **Quick Change (Costume Variations):** An exhibition of speed and visual dexterity where the artists change costumes in fractions of a second right before the audience's eyes.
- **Interactive Magic:** Moments designed for hotel guests' participation. Children become the stars of the show, creating family memories that last forever.
- **Levitations & Escapism:** High-tension acts of visual beauty that elevate the show to a large-scale theatrical production level.
