SHOW STRUCTURE

Tradition & Rhythm (Pure Flamenco): The essence of footwork (zapateado) and the raw power of flamenco feeling. A high-energy segment where the percussion of the feet and the clicking of castanets take center stage.

Stylized Elegance: Choreographies of sublime aesthetic beauty where the use of the shawl and the fan creates hypnotic figures, elevating Spanish dance to its highest expression of refinement.

Fusion of Eras: The encounter between classical ballet and the most contemporary Spanish rhythms. A showcase of the dancers' technical versatility that brings freshness and modernity to the performance.

Collective Climax: Grand group stagings with coordinated and majestic wardrobe, designed to fill the stage with color and passion in an apothecotic finale.
